MYSTERY SCHOOL OF THE ROSE

TEMPL OF ISIS RITUALS

HYMN AND SONG BOOK

WINTER SOLSTICE 2022

a blessing from goddess isis

i am her; her of 1000 names
my wings are spread wide
& my heart is open.
my divine light love frequency expands- far & wide
knocking gracefully on the temple gates of your heart.
hello, are you ready?
do you hear me?
do you remember me?
do you remember you?

what are you waiting for?
what are you waiting for?
what are you waiting for?

it is time; remember yourself
it is time to remember your heart
spread your wings, open your heart & fly
say yes
go for it and trust
the divine mother will protect you, hold you & guide you

GODDESS ISIS

GODDESS ISIS

invocation to isis

daughter, woman, lover
the one with the thousand names
not your first time among others,
a million times you've walked this earth.
let me be your sacred vessel,
let me share all that you are,
let me channel your heart's message,
let me walk you hand by hand.
teacher, leader, priestess, queen
mistress of the hidden mysteries
most beloved friend
creatix of everything that lives.
may forever reign your lineage,
may you always guide our prayer.
for it is you, oh sweet mother,
who can show us the heart way.
and so it is

GODDESS ISIS

hymn to isis

when you look for the goddess and don't know if she is real
look inside yourself and you will find the truth
look inside yourself sweet child
look inside yourself immortal goddess
you are the light that is asleep
wake up and become her portal
and so it is

leyre borge

goddess isis

born from the lineage of hathor
creator of beauty and splendour
legacy of love and devotion
mother of sky and ocean
majestically spreading your wings
you fly above all kings
threaded with gold, they are
sweeping over lands afar
blessed by your divinity and power
your energy dwells in temple and tower
just as you soar and then glide
from your light, no soul can hide
you gather your sisters and teach them the truth
igniting divine sparks in their hearts
you remind them of their beauty
through nurturing wings of purity
giver of everlasting life
your breath holds the power to revive
we honour your soul
you make us whole
goddess Isis, I welcome you in my heart.

light codes

dear divine star child, you who stare at the moon
I know that you're longing for home, the place where you came from
life on earth in this body, a brave and beautiful choice
you have everything you need, just remember to breathe
the codes of light you carry inside
anchor a new way, a new way of life
heart centered being, awareness and seeing
you are out on the leading edge (chorus)
rise up tall, use your voice, straighten the crown on your head
we need you to fully be here, embodied and clear
know your heald, oh so loved
adored by the earth and the heavens above
you have everything you need,just remember to breathe
a global awakening
a rising of frequency
these are intense and thrilling times

SONGS

mujeres poderosas

fueron los sueños de aquellas que lucharon
el camino q tantas iniciaron
fue la tormenta que pasaron
fue el dolor que superaron
cada una se sumó con su valor.
cada abuela que cuenta sus verdades
cada ancestra que hereda su intuición
cada secreto de cocina
que gana a cualquier medicina
cada una me sanó con su calor
mujeres poderosas en mi mundo
mujeres que tejen los hilos de la paz
mujeres que narran la historia
y la escriben con palabras de verdad
esas voces que gritan realidades
el dolor de tantas que no están
son mujeres con coraje
heroínas de éste viaje
que con sangre escribieron libertad
hoy despierto sintiéndome más libre
y agradezco su lucha en soledad
que hoy mi voz cante alegría
y contagie solo Vida
por ellas y ésta nueva humanidad
